The appeal brief has overcome the rejection of previous office action. The finality is withdrawn.

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with William Francos on 2/24/04.

The application has been amended as follows:

#### In the Claims

20. (Newly Added) A semiconductor memory device as recited in claim [20] 19, wherein the memory device is a DRAM.

### ***Allowable Subject Matter***

Claims 10-22 are allowed. The following is an examiner's statement of reasons for allowance:

The claimed invention is a semiconductor device comprising:

- A semiconductor substrate which has first and second regions formed on a major surface;
- A first insulating layer which is formed over the first region;
- A dummy pattern which has a predetermined shape and which is formed on said first insulating layer;
- A first SOG layer which is formed on side surfaces of said dummy pattern and the first insulating layer;
- A second SOG layer which is formed on a top surface of said dummy pattern and said first SOG layer, said second SOG layer being denser than said first SOG layer; and
- A second insulating layer which is formed on said second SOG layer; wherein said first and second insulating layers and said first and second SOG layer are exposed at a boundary between the first region and the second region.

Reference Watanabe (US 5,808,363) do not disclose the second SOG layer formed on the first SOG layer.

Reference Isobe (US 5,716,872) do not disclose a dummy pattern formed on the first insulating layer and a second insulating layer formed on the second SOG layer.

Therefore, the above references do not disclose the claimed invention of present application and claims 10-22 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
